BI-CAP Head Start: Prenatal to Five
Annual Report
7-1-2018 through 6-30-2019

Bi-County Community Action Programs, Inc.
6603 Bemidji Avenue North
Bemidji, MN 56601
BI-CAP Head Start must make available to the public a report published at least once each fiscal year. (Head Start for School Readiness Act of 2007 Sec. 644. ADMINISTRATIVE REQUIREMENTS AND STANDARDS [42 U.S.C. 9839]) The report must disclose the following information from the most recently concluded fiscal year:

- The total amount of public and private funds received and the amount from each source .................................................................3
- An explanation of budgetary expenditures and proposed budget for the fiscal year ........................................................................................................4-5
- The total number of children and families served, the average monthly enrollment, and the percentage of eligible children served .....................6
- The results of the most recent review by the Secretary of Health and Human Services and the financial audit .........................................................6
- The percentage of enrolled children that received medical and dental exams ...........................................................................................................7
- Information about parent involvement activities ..............................................8
- BI-CAP’s efforts in School Readiness to prepare children for Kindergarten ........................................................................................................9-11
- Any other information required by the Secretary ...........................................(na)

---

**BI-CAP Head Start Mission Statement**

“BI-CAP Head Start gives children and families a head start for kindergarten and for life.”

**Head Start Philosophy**

The philosophy of BI-CAP’s Head Start and Early Head Start program emphasizes that the parent is the primary teacher and influence in their child’s education and development. BI-CAP strongly encourages all parents to become involved in the Head Start and Early Head Start programs in many ways including volunteering in the classroom, participating in parent committees and serving on the Policy Council.
Public and Private Funds Received

Head Start FY 2019-20: Year 1
Combined Head Start Revenue Total = $4,215,095

Parent Aware Scholarships
Pathway 2: 20 Scholarships @ $7,500 = $150,000
* Expected Pathway 1: 10 Scholarships @ $5,560 = *$55,600

DONATIONS
Expected $15,500 undesignated

The Federal and State Grant’s FY is July 1 – June 30.
Earned Program Revenues during the program year are not included in these totals.
USDA ~$130,000 expected
ERATE ~10,000 expected
Travel/Transportation (Earned from other department’s use of HS vehicles) ~$1,000
Donations- ~$15,000 expected
Other Grants to enhance programming: BASC $3,500; Child Care Aware $7,000
Salary and Fringe are approximately 85% of the total budgets
Federal and State grants are separated into Head Start and Early Head Start budgets
Federal funding is based on child count:
HS Enrollment of 196 @ $12,422 per child
EHS Enrollment of 84 @ $20,500 per child
State funding is based on a State percentage formula of Federal funding
The Federal Grant requires a 25% In-Kind Match which totals HS/EHS $863,355
State Grant $447,675; Pathways 2 $150,000; Pathways 1 $55,600; Transportation/professional/parent In-kind $210,100

**Personnel Category**
Personnel costs include administrative staff to oversee and direct operational personnel. Supervisory staff provide a manageable ratio of staff to supervisors. Area Managers, Family and Classroom Support Coordinators and Health Coordinators provide support to families and teaching staff, enhance quality, and assist with fulfilling Head Start Performance Standards.

**Fringe Benefit Category**
Fringe benefits are determined based on standard agency calculations. All full-time employees received the following benefits:
- FICA (.0765)
- Worker’s Compensation (from .34 to 8.77 per 100)
- Unemployment Compensation (5.64%)
- Pension (5%)
- Health/Dental/Life/Disability Insurance (Dental from $26.70-$71.70; Health is from $470 to $945 per month; Life is 1.5% of wages)

**Travel Category**
All local and out of area travel is reimbursed at the federally approved rate of $.535/mile for personal vehicles, when an agency vehicle is not available. Employees are expected to use agency vehicles wherever available.

**Contractual Category**
Contractual costs include: Software Support, Network Support, ERATE Consultant

**Supplies Category**
Classroom, Formula and Diapering, Reference and curriculum and assessment, Materials, Subscriptions, Special Needs Adaptations, Meetings and Advisory Board, Office Supplies and Bathroom/Cleaning, Medical supplies
Food services (not reimbursable through Child and Adult Care Feeding Program

**Indirect Cost Rate 19.1%**
Salary & Fringe of Executive Director, Human Resource Manager, four Fiscal Staff, two Receptionist, Janitor, travel expenses, Office supplies, MIS Network Support Contract, SAGE Accounting Contract, legal & professional fees, depreciation and rent, general utilities, phones, copy leases, photocopies, janitorial and cleaning supplies.
Other Category

Rent
Utilities, Telephone
Building & Child Liability Insurance
Building Maintenance/Repair
Local Travel - mileage reimbursement, gas, repair, insurance
Nutrition Consultant
Child Services Provided by Consultant—Mental Health
Parent Services- assistance to families including childcare, limited transportation assistance, car repair, etc.
Accounting Audit and Legal Services
Advertising/Printing/Postage/Copies
Medical Expense
Dental Expense
Janitorial Services
Dues and Licenses
A total of 196 Head Start and 72 Early Head Start children were served with state and federal funding.

The percentage of eligible children served is shown in the table below.

The most recent Federal review(s) occurred in Program year 2016-17. BI-CAP Head Start and Early Head Start programs were reviewed in the content areas of Eligibility, Recruitment, Selection, Enrollment and Attendance (ERSEA). The BI-CAP Head Start programs are found to be in full compliance.

*Infants identified as being behind for dental exams include those who are typically not seen by dentists at the age of 1 or younger. It may also include families who dropped and follow up dentals were not completed by the family.*

*When children go in for a physical, the clinics are not completing the blood lead test and in order to count our physical, there must be a lead completed or at the 12 or 24 month well baby check, according to the Early and Periodic screening, diagnosis and treatment schedule set by the Minnesota Department of Health.*
BI-CAP believes the parent is the primary teacher and influence in their child’s education and development. The BI-CAP Head Start program strongly encourages all parents to become involved in the Head Start and Early Head Start programs.

Families are also offered numerous parent involvement activities throughout the entire time their child(ren) are enrolled. They include center parent meetings, family events, parent training opportunities, Policy Council meetings, Health Advisory meetings, program self-assessment participation, classroom volunteering, parent/child activities in the home, field trips, home visit and classroom lesson planning, ongoing monitoring activities, and program planning.

As per the Head Start Act of 2007 requirements, BI-CAP Head Start works with staff, parents and schools, utilizing the MN Early Learning Standards and the Head Start Early Learning Outcomes Framework to develop School Readiness Goals. Our School Readiness outcomes are tracked throughout the year using My Teaching Strategies Gold (TSG). All assessments and outcomes are reviewed and analyzed to determine strengths and weaknesses in the program. Strategies are put in place for improvement throughout our program management systems, in efforts to improve Head Start’s comprehensive model of service delivery, and ultimately, Head Start children’s school readiness.

**BI-CAP Head Start: Prenatal to Five’s goal is to have 80% of children meeting the developmental expectations for their age group.**

**Our Strengths:**
We see an overall average growth of 25% for our 3 & 4 year old’s indicating all children are making gains in all areas of development.

**Areas for Growth:**
We fall short of our goal to have 80% of our children ready for Kindergarten with an average of 39% of our 4 year old children and 45% of our 3 year old children meeting the expectations for their age group. Because of these overall low scores for the last two years, we have shifted our focus to working on social emotional skills which are the foundation for all higher developmental skills. We also realigned our expectations which will be reflected in 2019-20 with our new grant cycle.

**Barriers:**
- Inconsistent/low attendance and high enrollment turnover
- 34% of three and four year olds in evaluation for or currently have a diagnosis for an Individual Education Plan (IEP) for speech and/or special needs
- 16% of three and four year olds with behavioral needs requiring a Social Emotional Support Plan

**Analysis of the data indicates a need to:**
- Provide multiple training opportunities for staff throughout the year on the basics of our curriculum and assessment tools along with strategies for working with difficult behaviors
- Support staff with practice based individualized coaching
Preparing Children for Kindergarten

TSG Total Score Comparison

TSG Total Score Comparison
My Teaching Strategies Gold (TSG) creates a different perspective for children birth through age 3. Because of the immense developmental gains these young children go through, it is very difficult to look at them as large group. With this in mind, we focus on the children individually, looking for consistent and steady growth throughout the year.

**Our Strengths:**
Overall we saw consistent growth throughout the year.

**Areas for Growth:**
Supporting social emotional skills and building relationships in preparation for higher learning in all areas.

**Barriers:**
- Children are growing up in families experiencing challenging situations which affects the ability to provide a responsive, nurturing and consistent environment
- Inadequate data provided from TSG which minimizes the ability to use the data to individualizing for each child’s needs

**Analysis of the data indicates a need to:**
- Provide families with information to understand their child’s development
- Create a positive work environment and address professional development needs to increase staff retention utilizing one on one coaching
- Help staff understand the effects of trauma on children’s learning
- Research and determine the best assessment tool available to provide incremental measures for each child’s growth and development
Family Engagement

Family Engagement is also a priority in our school readiness emphasis and includes engaging families in a multitude of ways, inclusive of:

- Volunteerism
- Parent Trainings (budgeting, grandparents raising grand children, etc)
- Specific opportunities for Father Engagement
- Enriching Family Relationships
- HOVRS (Home Visitor Observation Rating Scale) measures parent and child engagement during home visits.
- Staff are trained in facilitating home visits to increase family and child engagement and development through school readiness goals.
- Center base programs encourage parent and child engagement with parent and child activities that are founded in school readiness goals.
- Working together with parents on SMART family goals. (Specific; Measurable, Attainable, Relevant and Time Sensitive)
- “Make Parenting A Pleasure” Parent Education Curriculum offered at sites.

Parent classroom, home visit and fieldtrip volunteering is welcomed and encouraged. Monthly parent meetings and/or parent trainings are offered at each site.

BI-CAP Head Start and Early Head Start staff strive to offer the best and most comprehensive services to children and families in Beltrami and Cass counties.
